QUESTION 1:

TestAglet.java

```
import com.ibm.aglet.*;

public class TimeoutAglet extends Aglet
{
    private static final long serialVersionUID = -7015232163677957516L;

    @Override
    public void onCreate(Object init)
    {
        // Auto-generated method stub
        super.onCreate(init);
    }

    @Override
    public void run()
    {
        try
        {
            for(int i = 15; i > 0; i--)
            {
                Thread.sleep(1); // 1 second
                System.out.println(i);
            }
            this.dispose();
        }
        catch (Exception e)
        {
            System.out.println(e);
        }
    }
}
```
